

COMMUNITY IMPACT

With support from generous donors and sponsors, Allied Services Integrated Health System has maintained its founders' commitment to providing essential health and human services to those in need. Examples include pediatric therapies for children who were uninsured or under-insured for medically-necessary therapies, advanced care for medically fragile individuals not covered by Medicare and Medicaid, and support for Allied Services dePaul School's programs for children with dyslexia.

In keeping with our mission, Allied Services participates in national and State-level advocacy to expand opportunities and services for persons with disabilities and chronic illness.

We are proud of Allied Services' contributions as a leading employer, corporate citizen and sponsor. We strive to provide better community health by providing:

- ▶ Free health screenings and health education programs.
- ▶ Mentoring and internships for new health professionals and students.
- ▶ In-kind assistance (meeting space and other in-kind) for health support groups, health charities and advocacy organizations.
- ▶ In-kind and charitable sponsorships for health and human services organizations.
- ▶ Leadership in local and regional collaborative efforts to boost consumer
